# Oslo Mango Furniture

This range of furniture is made from 100% solid mango wood and available in three distinct finishes. A large, constantly expanding contemporary collection with timeless styling, suitable for any decor.

## HONEY

The Honey finish boasts a rich, warm tone and is the most traditional of the 3 colours. The Honey finish compliments the attractive grain in the wood and is a popular choice for any fan of traditional Indian Furniture.

## LIGHT

The light option is unstained and finished with a satin lacquer. This allows all the wonderful characteristics of mango wood to really shine and each item of furniture is brimming with individuality. A contemporary option that will suit all decors.

## DARK

The dark finish is a striking range of dark furniture which will suit any modern decor. The rich walnut stain adds depth a warmth to the wood while still allowing the grain to show through, making a contemporary statement in any home.
